at Home*
brings you

National Health Care Decisions Day

Join Americans across the country in making your future healthcare decisions known to family, friends and healthcare providers. Share your wishes and complete your advance directive. Having this conversation now can save yourself and your loved ones some painful guesswork in the future. Although it can be awkward at first, families who do have these discussions fare a lot better emotionally than those who are forced to guess what their loved one's wishes are, especially in a stressful situation. We're offering a convenient and free opportunity to complete your advance directive.

We invite you, your family, friends and neighbors to join us... April 16, 2009, any time between 4:00 PM and 6:00 PM to complete your advance directive at no cost to you. Qualified staff will provide you with education, assistance and advance directive forms.

All persons who complete an advance directive will be given a card that enters them in multiple drawings and you do not have to be present to win! What an incentive for being pro-active in your health care planning! This event is free and open to the general public.

When: *Thursday, April 16 from 4-6 p.m.*

Where: *Hospice at Home Community Room
4025 Health Park Lane
St. Joseph, MI 49085*

For more information, call: *(269) 429-7100*
